

(with Dilution At Hand System)

JANITORIAL PROGRAM

- JEM MFG has manufactured janitorial products for over 30 years. We will have experienced sales and service personnel evaluate your customer's facility.
- JEM MFG will install a Dilution At Hand station for accurate janitorial product dilutions.
- *Routine Service:* JEM MFG Service Techs will inspect Dilution At Hand station periodically and replace any worn hoses or tubing, etc. at no cost.

- Dilution At Hand System and Service Work related to dispenser is provided free of charge while the customer is purchasing JEM MFG product.
- *Customer Types:* Hotel/Motel, Hospital, Nursing Home, Industrial and Educational Facilities.

Dilution At Hand system is designed for 4 products:

Products can include any of the following:

F-588C All Purpose Cleaner

F-858C Concentrated Glass Cleaner

F-567C Heavy Duty Degreaser

F-500C Crystal Neutral Floor Cleaner

F-355C Bathroom Tub & Tile

F-128C Neutral Disinfectant Cleaner (EPA)

F-425 Quaternary Disinfectant/Deodorizer (EPA)

F-410C Quaternary Food Sanitation/Disinfectant (EPA)

F-2160E Ocean Oasis Deodorizer w/Odor Eliminator

Saftflo™ inserts and cap adapters can be added to product container for a true self-venting, closed loop system for the containment and dispensing of concentrated chemicals. This increases end user safety, prevents spills, and eliminates mixing mistakes all while protecting the environment.
